MAGNUS HD ZIP

EASY TO USE / MAGNIFICATION UP TO 40X / COST-EFFICIENT

EASY TO USE

MAGNUS HD ZIP is a simple and user-friendly system. The simplicity and the intuitive control buttons enable you to operate MAGNUS HD ZIP without any training and you do not need any time to adjust to using it.

MAGNIFICATION UP TO 40X

Providing superb HD image quality, magnification up to 40 times and live imaging at 60 fps, MAGNUS HD ZIP enables you to see small details very clearly.

EXCELLENT IMAGE QUALITY

With HD you get an extremely sharp image with unsurpassed colour rendition. What you see on the monitor is exactly what is under the camera - without distortion, delay or interference. The built-in autofocus ensures a sharp image regardless of magnification size.

ENHANCED COOPERATION

An added bonus of MAGNUS HD ZIP is the multi-viewer option which allows more than one person to view the magnified object at the same time. This feature is ideal for the training of new operators, sparring between operators and supervision sessions. The option of dialogue and cooperation brings new and more dynamic ways of working and easier quality control.
